With so much content available to users through Google, YouTube, Bing, Wikipedia and many others, organizations must focus on designing learning experiences that provide the correct context for content within their organization.

**Schedule - Perspectives 2019**

In a previous (teenage) life I worked as a technician repairing and servicing domestic electrical appliances. It was there I first learned how to troubleshoot technical issues. Most of the time it just boils down to eliminating all possible causes until you find the one/s triggering the issue. It's not rocket science; just a process of elimination.
