Math and Science Day | Six Flags Great America

If Sir Isaac Newton were alive today, we're pretty sure he would sign off on a physics class field trip to California's Great America. As a renowned scientist credited with many physics principles we follow today, he would know that an innovative - and totally fun - way to demonstrate the science that deals with matter, energy, motion and force is a modern-day roller coaster.

Physics, Science and Math Days - California's Great America

The ride at Six Flags Great America opened on May 3, 2003. In 2006, a clone of the Superman: Ultimate Flight installations opened as Crystal Wing at the Happy Valley amusement park in Beijing, China. Characteristics. Whilst all three Superman: Ultimate Flight roller coasters are the same model, there are some differences between them. All three feature a top height of 106 feet (32 m) and a 100-foot (30 m) first drop.
