Scientific Method In Action The Strange Case of BeriBeri In 1887 a strange nerve disease attacked the people in the Dutch East Indies. The disease was beriberi. Symptoms of the disease included weakness and loss of appetite, victims often died of heart failure. Scientists thought the disease might be caused by bacteria.

The Strange Case of BeriBeri - Koning Science

In order to ENGAGE students in this lesson, students play a sorting game with a partner. Using generic steps of the traditional linear scientific method found in slide 2 of the Exploring Scientific Methods presentation, students put the steps of the scientific method in a logical order. This can be done by students writing the steps on paper or by printing/cutting out each step, so students can physically sort the steps.
