A financial transaction tax is a levy on a specific type of financial transaction for a particular purpose. The concept has been most commonly associated with the financial sector; it is not usually considered to include consumption taxes paid by consumers.. A transaction tax is not a levy on financial institutions per se; rather, it is charged only on the specific transactions that are ...

Here is another sample piece from the Oddball Stocks Newsletter. This one is from Issue 22, published in November 2018. This one is about Conrad Industries, which has been posted on the Oddball Stocks blog multiple times in the past (like here and here back in 2012). In addition to a pretty good track record of interesting ideas that worked well, the Newsletter has also sounded some cautionary ...
