Tip 1 of 1. During initial setup or after a power loss, you may need to set the time. If the time is not set, CL will be flashing in the base display window. NOTE: If you have caller ID service, the time will automatically be updated whenever caller ID information is delivered. However, since caller ID delivers the date, rather than the day, you must program the year once so the system can ...

Think about how many handsets you need. If you live in a small house or apartment, a single

handset will probably suffice. However, many people like to have at least two, especially in a home with more than one story, so they don't have to run up or down the stairs when they hear the phone ringing.
