Increasing visits by patients with behavioral issues raise emergency department concerns. Is the answer to build psych units right into the ED infrastructure? A 34-year-old female arrives in your emergency room, showing symptoms of manic depression, yelling at other patients, and making threats and accusations about one of your nurses. How does your emergency room handleRead More

Psych Units in the ED: Trend, Solution, or Neither ...

PRISME Forum is a formally incorporated not-for-profit organization with the mission to provide a forum for the exchange of non-commercially sensitive information among its members in order to enhance the efficiency, effectiveness and impact of global research and development information management and information technology organization within the biotechnology and pharmaceutical industries.

Pharmaceutical R&D Information Systems Management ...

This video shows a complete semi automatic bottling line for beer or cider or soft drinks and shows left to right the following equipment. Maximum hourly output 500 bottles per hour on 330 ml glass bottles.

Semi-Automatic Bottling Equipment - IC Filling Systems

Types of Hard Drives. Dell PERC (PowerEdge RAID Controller) and other controllers can support a variety of hard drive types. There are four main types used in Dell 9th generation servers and up.

Understanding Hard Drive Types, RAID and RAID Controllers ...

The Color Graphics Adapter (CGA), originally also called the Color/Graphics Adapter or IBM Color/Graphics Monitor Adapter, introduced in 1981, was IBM's first graphics card and first color display card for the IBM PC. For this reason, it also became that computer's first color computer display standard.. The standard IBM CGA graphics card was equipped with 16 kilobytes of video memory and could ...

Color Graphics Adapter - Wikipedia

Simplify database development for MySQL and PostgreSQL environments. If yours is one of the majority of organizations migrating your existing commercial database to open source such as MySQL or PostgreSQL or if you're building new in-house applications on open source database management systems (OSDBMS), then you know that commercial tooling for these databases falls short.
