Fideisms Judaism is the Semitic monotheistic fideist religion based on the Old Testament's (1000-600 BCE) rules for the worship of Yahweh by his chosen people, the children of Abraham's son Isaac (c1800 BCE).. Zoroastrianism is the Persian monotheistic fideist religion founded by Zarathustra (c628-c551 BCE) and which teaches that good must be chosen over evil in order to achieve salvation.

Human Knowledge: Foundations and Limits

Numerical analysis is the study of algorithms that use numerical approximation (as opposed to symbolic manipulations) for the problems of mathematical analysis (as distinguished from discrete mathematics). Numerical analysis naturally finds application in all fields of engineering and the physical sciences, but in the 21st century also the life sciences, social sciences, medicine, business and ...

Insurance consulting & banking software company | Earnix

I recently had a life insurance salesman show up in the comments thread of a post I published years ago about not mixing insurance and investing. He thought Indexed Universal Life Insurance (IUL) was the best thing since sliced bread.

Rebutting the Arguments For Indexed Universal Life Insurance

The following essential embedded knowledge will be assessed by means of the specific outcomes in terms of the stipulated assessment criteria. Candidates are unlikely to achieve all the specific outcomes, to the standards described in the assessment criteria, without knowledge of the listed embedded knowledge. This means that the possession or lack of the knowledge can be inferred directly from ...

Several months ago, I became fascinated with the Infinite Banking Concept. Since then, I have committed probably something to the tune of 100 hours in to researching the Concept, reading books about it, talking to professionals/bloggers in the personal finance field, as well as discussing the concept with three life insurance agents who specialize in the strategy.
