Prefer composition over inheritance as it is more malleable / easy to modify later, but do not use a compose-always approach. With composition, it's easy to change behavior on the fly with Dependency Injection / Setters.

language agnostic - Prefer composition over inheritance ...

Matrilineality is the tracing of kinship through the female line. It may also correlate with a social system in which each person is identified with their matriline – their mother's lineage – and which can involve the inheritance of property and/or titles. A matriline is a line of descent from a female ancestor to a descendant (of either sex) in which the individuals in all intervening ...

The inheritance of Aicardi syndrome is probably X-linked dominant with lethality in the hemizygous male. All cases would, on this hypothesis, be new mutations (Aicardi et al., 1969; Aicardi, 1999). Hopkins et al. (1979) described the Aicardi syndrome in a 47,XXY male. This is, of course, consistent with the above suggested inheritance.
