What is GR/IR clearing accounts? - Definition from WhatIs.com

In scale up of bioreactors mixing time is often used as criteria. Mixing time (t_{mix}), defined as the period of time required for the homogeneous distribution of a small volume of pulsating material in the bulk of the liquid, was used for scale up to adjust proper mixing conditions in large vessels. However, limitation of using t_{mix} as scale up criteria is that it increases markedly with the ...

What is a minority group? Thomas & McDonell (1995) define a minority group as "a section of society whose identity is determined by cultural properties not shared by all members of the society and whose needs are not necessarily served when the needs of the society as a whole are being served" (p. 185). By definition, they add, "minority markets are too small to be self-sustaining for ...
