The title of this book, 9/11 Contradictions, refers entirely to internal contradictions within the public story about 9/11. The book deals, in other words, with issues on which one person, agency, institution, or official body that has helped articulate the public story about 9/11 has contradicted another such person, agency, institution, or official body.

Class practical. This investigation studies the response of an animal to light. Calliphora larvae, the maggots of the blowfly (bluebottle) are convenient animals to use, but you could try other invertebrates. The procedure offers opportunities to discuss how to minimise the effects of variables other than light, and the number of repeats required to draw meaningful conclusions about Calliphora ...

Definition. The term problem solving means slightly different things depending on the discipline. For instance, it is a mental process in psychology and a computerized process in computer science. There are two different types of problems, ill-defined and well-defined: different approaches are used for each.
