With the announcement of Remington's reintroduction of the classic Model 51 as the new Remington R51, I have had several people ask for information on the forgotten stepchild of the Model 51, the M53. I haven't had a chance to handle or shoot one of these myself (and may never have the chance, since only one or two still exist), so this will be more a recap of the existing information on ...

Such dramatic demographic shifts have wide ranging implications, and few are more fiercely felt by residents of megacities than air quality. Most of the world's megacities are located in poor, developing countries, and do not have adequate financial resources and air quality management plans that cities like London and Los Angeles have implemented to curb air pollution.

I ran through 60 rounds, alternating ammo, and did a couple fast strings, emptying the mag quickly. The pistol ran well, but I did have a failure to extract in one of the later mags, again with the federal ammo. The recoil is stout, but not unmanageable, I don't think I would want to put 200 rounds through the gun in a range session.

History. Murray State University was founded after passage of Senate Bill 14 by the General Assembly of the Commonwealth of Kentucky, which created two normal schools in the early 20th century to address the growing demand for professional teachers. One was to be located in the western part of the state, and many cities and towns bid for the new normal school.
