The first thing to know about how to read Roman numerals is that they aren't numerals! They're Roman letters that stand for different values. The Roman numeral for 1 is the capital letter I. 10 is an X. 100 is a C. 1000 is simply M. Lower case letters are also used, especially in outlines and on some clocks.

+1 This is how I've always done it. I believe this is the correct answer to the original question and should be marked as so. The trick, as @MTS hints at, is that you actually write to two files: one that gets created per each command/line (hence a single ">" that overwrites each time), and then you type that line to the screen (type), and finally, you type it again and redirect its output ...

cmd - Displaying Windows command prompt output and ...

Do the pyramid lapbook/worker piece on page 4. (All of the lapbook pieces are in the lapbook materials you printed out on Day 2.) (answer: You can see that the different pyramids put several groups together such as soldiers and farmers where as the lapbook piece asks you to put one on each line. You can make up your own specific order or group them on the pyramid.)

Not too sure there is need for this, and to me lack of tools suggests lack of need. JSON is best processed as objects (the way it's done in JS anyway), and you typically use language of the objects itself to do transformations (Java for Java objects created from JSON, same for Perl, Python, Perl, c#, PHP and so on).

XSLT equivalent for JSON - Stack Overflow

King Arthur was a legendary British leader who, according to medieval histories and romances, led the defence of Britain against Saxon invaders in the late 5th and early 6th centuries. The details of Arthur's story are mainly composed of folklore and literary invention, and his historical existence is debated and disputed by modern historians. The sparse historical background of Arthur is ...

You missed the mark a bit there. You pointed out that, "Intelligence is not equal throughout the races. Examples of this are evident in the inventiveness of a particular group, what technologies they create, the societal structure they create, their art and their sciences", a statement which in and of itself is a contradiction.

How many major races are there in the world? - World ...
