· Workers should be encouraged to select a workload capacity which is optimum for them in any given situation. · To maintain a high activation level (or the required level for performing the task), the work sessions should be interrupted by rest periods or by other types of work.

Chapter 34 - Psychosocial and Organizational Factors

Note: But, before we begin looking at it, first of all, we repeat again and again: do not blindly believe anything or merely take in on faith. What is said here is just a particular way to look at things, but it does not imply that you are forced to agree with anything said here, or anywhere for that matter.
