Astrology is a pseudoscience that claims to divine information about human affairs and terrestrial events by studying the movements and relative positions of celestial objects. Astrology has been dated to at least the 2nd millennium BCE, and has its roots in calendrical systems used to predict seasonal shifts and to interpret celestial cycles as signs of divine communications.

jessica: Trendy design and styles can work if you are designing something temporary, like an illustration in a magazine or a poster with a short life-span. However, most of the time at our studio, we seek to create work that can have a long lifespan and stay relevant for a long while, especially in relation to branding.
