Welcome to Empower. Increasing focus on energy-efficient and environmentally-friendly cooling solutions has resulted in widespread adoption and implementation of District Cooling Services (DCS) in the region, as DCS is the most preferred and eco-efficient alternative compared to the traditional systems of providing air conditioning services.

The design process encompasses the architectural design, the development of the structural concept, the analysis of the steel structure and the verification of members. Steel solutions are lighter than their concrete equivalents, with the opportunity to provide more column-free flexible floor space, less foundations and a fast, safe construction programme.
