From its earliest beginnings, the problem of "free will" has been intimately connected with the question of moral responsibility. Most of the ancient thinkers on the problem were trying to show that we humans have control over our decisions, that our actions "depend on us", and that they are not pre-determined by fate, by arbitrary gods, by logical necessity, or by a natural causal determinism.

The History of the Free Will Problem - Information Philosopher

Keys definition, a small metal instrument specially cut to fit into a lock and move its bolt. See more.
