Technical debt (also known as design debt or code debt) is a concept in software development that reflects the implied cost of additional rework caused by choosing an easy (limited) solution now instead of using a better approach that would take longer.. Technical debt can be compared to monetary debt. If technical debt is not repaid, it can accumulate 'interest', making it harder to implement ...

When you first dream of living off the grid and having a homestead, you dream up all sorts of crazy ideas. We envisioned buying 5-10 acres of land on a year-round creek with water rights or a natural spring, having a thick, beautiful forest with enough lumber to build an entire house without the forest looking bare, lush soil for growing endless food, a spot for a pasture to raise livestock, a ...

"Man Down" is a song by Barbadian singer Rihanna from her fifth studio album, Loud (2010). Singer Shontelle and production duo Rock City wrote the song with its main producer, Sham. They wrote it during a writing camp, in Los Angeles of March 2010, held by Rihanna's record label to gather compositions for possible inclusion on the then-untitled album.
