Abstract. Through our experience working with project teams in many industries on hundreds of projects, we recognize that although Project Managers and project teams may understand the theory and value of developing a Project Scope Statement, many do not have viable tools, techniques or processes for creating a one.

A secret society is a club or an organization whose activities, events, inner functioning, or membership are concealed from non-members. The society may or may not attempt to conceal its existence. The term usually excludes covert groups, such as intelligence agencies or guerrilla insurgencies, that hide their activities and memberships but maintain a public presence.

Two brief summaries. When a function (foo) declares other functions (bar and baz), the family of local variables created in foo is not destroyed when the function exits. The variables merely become invisible to the outside world. foo can therefore cunningly return the functions bar and baz, and they can continue to read, write and communicate with each other through this closed-off family of ...
