Open questions Mathematics is something of an extreme case. In most other sciences, new theories and ideas tend to replace older ones. Hence in most sciences work that was done long ago (exactly how long depending on the particular science) is usually superseded by work done as recently as a few decades ago, or less.

### **Open Questions: Mathematics**

It's a bit tricky. The first would sound strange to a native speaker, but the second would sound fine. I think the distinction would have to do with the object of the verb. If it is present before the verb, then using "already" after the verb sounds okay (such as your second example).

### **Can "already" be used after a simple past verb in American ...**

If you're still not convinced, here's what Dr. Sahil Mehta, Founder of MedSchoolCoach, had to say on the topic... "The simple scenario of an interviewer asking "so what questions do you have for me" just as the interview starts is actually very common.
