The Why Behind Teaching This: Students must be able to identify variables in experiments as outlined by standard 3-5-ETS1-3 which states that students will plan and carry out fair tests in which variables are controlled and failure points are considered to identify aspects of a model or prototype that can be improved.

Fifth grade Lesson Identifying Variables in an Experiment

And while their brains desperately search for dim recollections of formulas, figurative language, or which axis is y, more information is incoming—information they must sort, organize, and put somewhere. Gaps in basic skills and in important background information that just didn't stick in long-term memory can make learning new concepts seem impossible.

Formative assessments are ongoing assessments, reviews, and observations in a classroom. Teachers use formative assessment to improve instructional methods and provide student feedback throughout the teaching and learning process.

Why Check for Understanding?

The Exemplary Center for Reading Instruction (ECRI) instructs teachers in the effective and efficient use of classroom time. The Center is built upon the belief that most, if not all, students can learn to read and write successfully if they are properly taught.

My daughter was recently given an assignment to create a model of a volcano. It was a group project, meant to be done entirely at home, and the only clear requirement was that it had to look like a volcano, with extra points if it could actually erupt. And so it began: My daughter and I planned when ...
