Outsourcing is an agreement in which one company hires another company to be responsible for a planned or existing activity that is or could be done internally, and sometimes involves transferring employees and assets from one firm to another.. The term outsourcing, which came from the phrase outside resourcing, originated no later than 1981. The concept, which The Economist says "made its ...

Outsourcing - Wikipedia

The economic history of the United States is about characteristics of and important developments in the U.S. economy from colonial times to the present. The emphasis is on economic performance and how it was affected by new technologies, especially those that improved productivity, which is the main cause of economic growth. Also covered are the change of size in economic sectors and the ...

Areo magazine has published another essay of mine, Bravado in the Absence of Order, which examines why African-American urban communities have such high rates of homicide and other violence. The essay uses medieval history, and contemporary societies other than the US, to illuminate social patterns that are less clear if one just looks at the US in isolation.
