Speed Reading Test Online

A standardized test is any examination that's administered and scored in a predetermined, standard manner. There are two major kinds of standardized tests: aptitude tests and achievement tests.

Why Standardized Tests Don't Measure Educational Quality

Cognitive tests are assessments of the cognitive capabilities of humans and other animals.Tests administered to humans include various forms of IQ tests; those administered to animals include the mirror test (a test of visual self-awareness) and the T maze test (which tests learning ability). Such study is important to research concerning the philosophy of mind and psychology, as well as ...

In psychology, the Stroop effect is a demonstration of interference in the reaction time of a task.. When the name of a color (e.g., "blue", "green", or "red") is printed in a color which is not denoted by the name (i.e., the word "red" printed in blue ink instead of red ink), naming the color of the word takes longer and is more prone to errors than when the color of the ink matches the name ...
