STEP 1: Choose the Correct Type of Name. Certain types of names are better suited for certain products. So let's categorize the types of names that exist.. NOTE: I'll be using the terms product and business interchangeably. There is a difference. However, that difference won't affect this naming process.

Quandaries & Queries at Math Central

Admittedly a prosaic concept, research impact can be roughly divided into academic and non-academic dimensions. Academic research impact is often (over)simplified to mere citations—an impactful article is well cited and utilized by others, with citation counts being offered by Google Scholar, Scopus, or ISI Web of Science.

Promoting novelty, rigor, and style in energy social ...

In general, these design principles are in congruence with those that may be found in the theoretical literature on adult education. Williams makes some comments on the application of these principles to the design of E-learning and Web-based training systems, but the research stops short of evaluating their effectiveness in practical application.
