Explain that the students have been given instructions for breeding a male and a female Reebop in order to make a baby Reebop, and find out what it might be like. Provide students working in pairs

with the student procedure sheet, envelopes of chromosomes, a decoder key and the materials to build their baby Reebops. Apparatus and Chemicals

**Making Reebops: a model for meiosis | Nuffield Foundation**

If you look at the Key to Reebop features, you will notice that two Ts (TT) or a T and a t (Tt) code for the same thing: a curly tail. If the Reebop has a small t on each chromosome, he or she will have a straight tail. Because both the heterozygous (Tt) form and one of the homozygous (TT) forms code for the same variation of tail shape,
