What's New at MMM Free Response Question Database (4/20/19). For those teachers who frequent the AP Central website (<https://apcentral.collegeboard.org>), we have put together a database of free-response questions since the year 1998. It classifies the calculus topics of every question (AB and BC) so that teachers can find free-response problems that cover specific techniques.

Overview of Independent Systems of Equations. A system of equations consists of two or more equations that are solved simultaneously. To solve the system, you must find solutions for each variable.

### **Independent System of Equations Examples | Study.com**

This exercise shows that sine can be regarded as the length of the semichord AM in a circle of radius 1, and cosine as the perpendicular distance of the chord from the centre. Until modern times, tables of sines were compiled as tables of chords or semichords, and the name 'sine' is conjectured to have come in a complicated and confused way from the Indian word for semichord.
