Read aloud is a process by which teachers select a text to model specific reading strategies often used by readers as they silently read. The process of reading aloud helps to support students' listening comprehension skills as well as reinforce behaviors that readers would use if they are reading independently.

Caveats. I would like to add two caveats regarding reading fluency. First, as this skill has recently garnered greater attention, and awareness of the link between fluency and comprehension has grown, there appears to be a tendency for some to believe that raising a student's fluency score is the main goal of reading instruction.
