The publishers of Saxon Math have developed math materials for the early grades that are extremely different from the rest of their program. The K-3 Saxon Math courses stand apart from upper level books with totally different formats. (Note that a new fourth grade course by the same author is also available, but only for classrooms at this time.

I did send the following message today to Truth in American Education regarding their link to "Saxon Math Aligns with Common Core": I'm concerned with a broad headline that says "Saxon Math Aligns with Common Core." Stephen Hake, as author for books in grades 4-8, still controls the content of those books.
