Innovation in its modern meaning is a "new idea, creative thoughts, new imaginations in form of device or method". Innovation is often also viewed as the application of better solutions that meet new requirements, unarticulated needs, or existing market needs. Such innovation takes place through the provision of more-effective products, processes, services, technologies, or business models ...

If you’ve found this article while looking for a fuel efficient RV or motorhome your search may sadly end here. I hate to say it but the RV industry hasn’t been forced by the consumer, or the government, to design class A motorhomes that get a Miles Per Gallon that one can be proud to share with their friends. Trust me, when we started our search for an RV we spent countless hours online ...
