Philosophical usage. Rationalism is often contrasted with empiricism. Taken very broadly, these views are not mutually exclusive, since a philosopher can be both rationalist and empiricist. Taken to extremes, the empiricist view holds that all ideas come to us a posteriori, that is to say, through experience; either through the external senses or through such inner sensations as pain and ...

One of my most popular past blog posts is Vision Boards: A Quick Story. I wrote it months before the DVD The Secret was released. Then John Assaraf's story of manifesting his giant mansion by using vision boards (in The Secret) popularized the concept. Many of us, however, have been doing them for years.

John Keats was born in London on 31 October 1795, the eldest of Thomas and Frances Jennings Keats's four children. Although he died at the age of twenty-five, Keats had perhaps the most remarkable career of any English poet. He published only fifty-four poems, in three slim volumes and a few magazines. But over his short development he took on the challenges of a wide range of poetic forms ...
