Ants wind up in many kitchens by coming in through windows, open doors and even kitchen cabinets. Often attracted by food, ants can have a field day in the average kitchen, multiplying until you've got an infestation. The problem is that many people don't know how to get rid of tiny ants in the kitchen once they appear.

The 4th of July holiday means the summer entertaining season is in full swing, with long sunny days that last deep into the late hours you can't help but want to be out of the house for as long as possible.. I sometimes think that people assume I just sit around my homestead reading books by flashlight to save money and dining on the remnants of my refrigerator.
