Genetically modified food controversies are disputes over the use of foods and other goods derived from genetically modified crops instead of conventional crops, and other uses of genetic engineering in food production. The disputes involve consumers, farmers, biotechnology companies, governmental regulators, non-governmental organizations, and scientists.

Genetically modified food controversies - Wikipedia

The Cambridge capital controversy, sometimes called "the capital controversy" or "the two Cambridges debate", was a dispute between proponents of two differing theoretical and mathematical positions in economics that started in the 1950s and lasted well into the 1960s. The debate concerned the nature and role of capital goods and a critique of the neoclassical vision of aggregate production ...

What Is White Privilege? Over the last several years in the United States, a greater degree of attention is being paid to the racial inequality that still exists in a variety of social spheres.

What is White Privilege? - Definition, Examples & Statistics

WORKING MEMORY: THEORIES, MODELS, AND CONTROVERSIES. I was honored, pleased, and challenged by the invitation to write this prefatory chapter, pleased because it offered the chance to take a broad and somewhat autobiographical view of my principal area of interest, working memory (WM), but challenged by the potential magnitude of the task. The topic of working memory has increased dramatically ...

INTRODUCTION AND BACKGROUND: WHY DISCUSS THESE CONCEPTS? The terms "health disparities" and "health inequalities" (used interchangeably here), while hardly household terms among the general public, have by now become familiar to many health practitioners, program managers, and policy-makers as well as researchers in the United States and other countries; "health equity" is a term ...
