What is the American Community Survey (ACS)? The ACS is a household survey developed by the Census Bureau to replace the long form of the decennial census program. The ACS is a large demographic survey collected throughout the year using mailed questionnaires, telephone interviews, and visits from ...

American Community Survey (ACS) Questions and Answers

Summer timing. From an astronomical view, the equinoxes and solstices would be the middle of the respective seasons, but sometimes astronomical summer is defined as starting at the solstice, the time of maximal insolation, often identified with the 21st day of June or December. A variable seasonal lag means that the meteorological center of the season, which is based on average temperature ...

The 10 Priorities provide the concrete actions that are needed to achieve the objectives of the WHO Global strategy and action plan on ageing and health. Each priority is crucial to enable the world to take on a decade of concerted action on Healthy Ageing (2020-2030). Many are inextricably linked and all will require collaboration with many key partners.
