The Halifax Gibbet / ' h æ l ɪ f æ k s ' dʒ ɪ b ɪ t / was an early guillotine used in the town of Halifax, West Yorkshire, England. Estimated to have been installed during the 16th century, it was used as an alternative to beheading by axe or sword. Halifax was once part of the Manor of Wakefield, where ancient custom and law gave the Lord of the Manor the authority to execute summarily ...

Public Cloud. The main differentiator between public and private clouds is that you aren't responsible for any of the management of a public cloud hosting solution. Your data is stored in the provider's data center and the provider is responsible for the management and maintenance of the data center.

Keith The 23' is a great compromise boat meaning that it gives a descent ride, and is stable at rest while drift fishing or anchored. They are no nonsense, very durable, easy to clean up, nice flat deck to cabin bulkhead and roomy for a 23' The ride in a tight bay chop can be a tad bumpy but the tabs take care of that, gotta remember that in a pilothouse you are positioned farther forward than ...

Which one of your boats is right for me? The answer lies in asking how, and where, you will be using the boat. Each of these boats were designed as a workboat for a specific job; although they will all row, sail, and motor, the hull shapes are different and each model will be best for certain tasks.
