The hyphens property controls hyphenation of text in block level elements. You can prevent hyphenation from happening at all, allow it, or only allow it when certain characters are present. Note that hyphens is language-sensitive. Its ability to find break opportunities depends on the language, defined in the lang attribute of a parent element. Not all languages are supported yet, and support ...

Many products claiming to be colloidal silver are in fact mostly ionic silver solutions. Monatomic Silver and Silver Hydrosol are advertising terms commonly used to sell ionic silver solutions. The difference between silver ions and silver particles boils down to the fact that silver ions combine with chloride ions in the human body to form silver chloride and silver particles do not.
