Situation Complication Question Answer

Answer: D) It intensifies the conflict. Explanation: in literature, a complication is any aspect of a story (a situation or a detail of character) that the protagonist or antagonist must work through, or resolve in order to move forward. In the given excerpt from "The Strange Case of Dr. Jekyll and Mr. Hyde" by Robert Louis Stevenson, we can see that the complication is the difficulties they ...

Answer: C) Marco and his friends have to wait in a long line. Explanation: A complication in a story is a situation or a detail of character complicating (or making more difficult) the main thread of a plot. In the given excerpt we can see that the characters (Liam, Marco and Rachel) want to use the water slide, but when they reached the stairs, they realize that there is a very long line.

Liam navigated the busy park, scanning the crowd for his ...

Early life and education. Ronald Dworkin was born in 1931 in Providence, Rhode Island, United States, the son of Madeline (Talamo) and David Dworkin. His family was Jewish. He graduated from Harvard University in 1953 with an A.B. summa cum laude, then attended Magdalen College, Oxford, where he was a Rhodes Scholar and a student of Sir Rupert Cross and J.H.C. Morris.

Hi, Welcome to JustAnswer! An inguinal hernia can be pushed back easily while lying down flat on the bed. But, if you are not able to do that easily, then there is a risk of strangulation or obstruction during reduction (putting it back).

How do you push hernia back in? Please advice. - JustAnswer

Learning to ask wh- questions requires two things of students: they must learn the correct words to use, and they must learn the word order for two different types of wh- questions. As students learn to apply these features of wh- questions, they get parts right and parts not-quite-right and parts wrong as natural stages along the way to fluent and accurate question asking.

Wh- Question Formation

Fluid in the tissues, either caused by something local to the swollen area like an injury or inflammation, or from the body's retention of water. Gravity brings the fluid to the feet & legs in that case. As a general rule, if one foot is swollen, something is wrong with the foot. If both feet are swollen, it's not the feet, but water retention.

Part XII The parts of Tragedy which must be treated as elements of the whole have been already mentioned. We now come to the quantitative parts- the separate parts into which Tragedy is divided- namely, Prologue, Episode, Exode, Choric song; this last being divided into Parode and Stasimon. These are common to all plays: peculiar to some are the songs of actors from the stage and the Commoi.
