The following are entries for a selected glossary of terms used in the regulation and operation of utilities. It is not intended to be all-inclusive, but rather as an introduction in plain language to the meaning of some otherwise arcane sets of initials and combinations of words.

Glossary of Terms Used by Utilities and Their Regulators

Urban agriculture, urban farming, or urban gardening is the practice of cultivating, processing and distributing food in or around urban areas. Urban agriculture can also involve animal husbandry, aquaculture, agroforestry, urban beekeeping, and horticulture. These activities occur in peri-urban areas as well, and peri-urban agriculture may have different characteristics.

May 10, 2019 . Over the past few weeks there has been much discussion among the online community concerning our six-act investigative series "The Manufacturing of Greta Thunberg". Some have continued to question the veracity of the information compiled by Wrong Kind of Green (WKOG). Our series sought to illustrate how Thunberg's image is being both propelled and exploited by various ...

In 1970, a Zambia-based nun named Sister Mary Jucunda wrote to Dr. Ernst Stuhlinger, then-associate director of science at NASA's Marshall Space Flight Center, in response to his ongoing research into a piloted mission to Mars. Specifically, she asked how he could suggest spending billions of dollars on such a project at a time when so many children were starving on Earth.
