@FumbleFingers: I had to read that three times to come up with your intended meaning. If you used the definite article, it would remove the ambiguity: "We conducted the survey on hand-held recording devices" is clearly not a survey about hand-held devices. (Well, ok, so now my brain is coming up with contexts where it could still be ambiguous: "Their survey was the one about desktops; we ...

The history of statistics in the modern sense originates from the term statistics, coined in 1749 in Germany. Although there have been changes to the interpretation of the word over time. The development of statistics is intimately connected on the one hand with the development of sovereign states, particularly European states following the Peace of Westphalia (1648); and the other hand with ...

7 I did not say "excludes God," which would still amount to asserting.. 8 Let me assert again: it is not the affirmation of God that is questioned here, but rather the logic leading to that affirmation.. 9 Even the most rigorous epistemologies imply metaphysics. And to such a degree that the metaphysics of many contemporary thinkers consists in having nothing but an epistemology.
