A breast implant is a prosthesis used to change the size, shape, and contour of a person's breast. In reconstructive plastic surgery, breast implants can be placed to restore a natural looking breast mound for post-mastectomy breast reconstruction patients or to correct congenital defects and deformities of the chest wall. They are also used cosmetically to enhance or enlarge the appearance ...

"Aussie" is a colloquialism that was used during World War I to refer to Australian-born people of British or Irish ancestry. Initially used to describe a happy-go-lucky character capable of battling through hard times, the term was employed after World War II to distinguish those born domestically from "new" immigrants from western and southern Europe.

A "general statement" "intended to develop a unified conceptual scheme for theory and research in the social sciences" was published by nine USA social scientists in 1951. Theory was to be based on a "theory of action" in which "the point of reference of all terms is the action of an individual actor or collective of actors".
