Solutions-Overview Leading With Technology Whether you need to protect people, assets, physical or intellectual property, RFI has the security and fire/life safety solutions to meet your objectives today and grow with your business tomorrow.

Solutions Overview - How RFI Security Systems Work

RFID is actually nothing new. Just as goods today have bar codes, goods in RFID systems have codes that enable systems to share information. Because the mandated RFID systems require businesses to share information with each other, the different systems need to use the same code — the electronic product code (EPC).

What the Heck Is RFID? - dummies

Application integration: RFID middleware solutions provide messaging, routing, and connectivity features required to integrate RFID data into existing supply-chain management (SCM), enterprise resource planning (ERP), warehouse management (WMS), or customer relationship management (CRM) systems.
