Buddhism in the West (or more narrowly Western Buddhism) broadly encompasses the knowledge and practice of Buddhism outside of Asia in the Western world. Occasional intersections between Western civilization and the Buddhist world have been occurring for thousands of years. The first Westerners to become Buddhists were Greeks who settled in Bactria and India during the Hellenistic period.

Technological convergence is a tendency for technologies that were originally quite unrelated to become more closely integrated and even unified as they develop and advance. The concept is roughly analogous to convergent evolution in biological systems, such that (for example) the ancestors of whales became progressively more like fish in outward form and function, despite not being fish and ...
