§2366. Major systems and munitions programs: survivability testing and lethality testing required before full-scale production (a) Requirements.-(1) The Secretary of Defense shall provide that- (A) a covered system may not proceed beyond low-rate initial production until realistic survivability testing of the system is completed in accordance with this section and the report required by ...

§2366. Major systems and munitions programs: survivability ...

Production is a process of combining various material inputs and immaterial inputs (plans, know-how) in order to make something for consumption (the output). It is the act of creating an output, a good or service which has value and contributes to the utility of individuals. The area of economics that focuses on production is referred to as production theory, which in many respects is similar ...
