The technology for fully electric double decker buses (edit: to run for long distances) is not there yet unfortunately. Dublin has started transitioning its bus fleet to electric hybrid, it wanted to transition to fully electric but the distances that buses in Dublin cover are just too long for a bus to operate effectively on a single charge, I'd assume the same for London.

This post was triggered by someone reaching here with the search "What is inside peach seeds that's poison". I almost decided to laugh about it like on all other silly search phrases leading here, but then figured I should at least check if maybe it's not silly.. And it turns out that peach seeds actually contain Cyanide, in the form of Amygdalin.
