[-2-] Paradigm Shift in Second Language Education. In second language education, the principal paradigm shift over the past 40 years flowed from the positivism to post-positivism shift and involved a move away from the tenets of behaviorist psychology and structural linguistics and toward cognitive, and later, socio-cognitive psychology and more contextualized, meaning-based views of language.

The Cruelty to Animals Act was the world's first legislation to regulate the use and treatment of live animals in scientific research. Known as the Vivisection Act (or Vivisector's Charter by those who opposed it), the history of its passage and the response to its administration opens a window onto nineteenth-century ideas about animals and the role of experimental science in medical ...

Old age refers to ages nearing or surpassing the life expectancy of human beings, and is thus the end of the human life cycle. Terms and euphemisms include old people, the elderly (worldwide usage), seniors (American usage), senior citizens (British and American usages), older adults (in the social sciences), and the elders (in many cultures—including the cultures of aboriginal people).

5 months that's it? 20 miserable weeks? That's all he was giving my wife before the light of the sun, the smiles on our kids' faces or the love in my gaze would be just distant memories and she would forever be doomed to grope around the house, stumbling and bumping into things, not being able to leave the house without help.
