Modular Construction is a Modern Solution

We are using MATRIX COSEC solution since last twelve months. The performance of MATRIX COSEC solution is flawless and we recommend it to others due to its rich functionality and prompt service support rendered by M/s The Advanced Communication Systems & Services, Hyderabad.

Biometric Access Control & Time Attendance Machines - Matrix

A fire-control system is a number of components working together, usually a gun data computer, a director, and radar, which is designed to assist a weapon system in targetting, tracking and hitting its target. It performs the same task as a human gunner firing a weapon, but attempts to do so faster and more accurately.

Fire-control system - Wikipedia

Italian Leonardo upgrade solution for M60A3 MBT presented at BIDECE 2017 as a means to keep the venerable M60 competitive in the modern era.

Leonardo M60A3 Upgrade Solution - Tank Encyclopedia

Ask any machinist how statistical process control (SPC) helps him manage his processes. The response is not likely to be positive. It is not uncommon for control charts to be placed around machines and other equipment, showing a history of how certain process parameters or key process characteristics (KPCs) have been performing.

Pre-Control May be the Solution - Quality Magazine

The DCS is a control system which collects the data from the field and decides what to do with them. Data from the field can either be stored for future reference, used for simple process control, use in conjunction with data from another part of the plant for advanced control strategies.
