Midwest Machine develops customized, food-grade automated machines for the beef and pork processing industry. Learn about automated saws, sanitary conveyor systems, custom machine design, and integrated automation at the official site of Midwest Machine.

Midwest Machine - Custom Designed Automated Machinery

A machine (or mechanical device) is a mechanical structure that uses power to apply forces and control movement to perform an intended action. Machines can be driven by animals and people, by natural forces such as wind and water, and by chemical, thermal, or electrical power, and include a system of mechanisms that shape the actuator input to achieve a specific application of output forces ...
