Preface This solutions manual is designed to accompany the fourth edition of Advanced Macroeconomics by David Romer. It contains suggested solutions to all of the problems at the end of each chapter, with the exception of some of the empirical exercises. I have made every attempt to provide a detailed, step-by-step answer to each problem.

The problem sets go into great detail; the solutions manual is a must to obtain! I have just a few nits: there is no glossary of symbols either at the front or back of the book or at the beginning or end of each chapter. The chapter on inflation was a little funny because Romer says he doesn't understand the costs of inflation!
