The brown note is a hypothetical infrasonic frequency that would cause humans to lose control of their bowels due to resonance. Attempts to demonstrate the existence of a "brown note" using sound waves transmitted through air have failed. The name is a metonym for the common color of human feces. Frequencies supposedly involved are between 5 and 9 Hz, which is below the lower frequency limit of ...

Brown note - Wikipedia

Spanking: It may seem old-school but this controversial punishment continues to make headlines. Just two years ago, the Massachusetts Supreme Judicial Court (SJC) passed a ruling that may not be sitting very well with the state's youngest residents.

Is It Legal to Spank Your Kids? | ParentMap

On December 14, 1872, a strong earthquake in the Cascade Mountains caused damage at Victoria, British Columbia, and Seattle. It was felt over a very large area, about 390,000 square kilometers, extending as far south as Eugene, Oregon, and north into British Columbia, probably even into Alaska.
