Are the standards internationally benchmarked? Yes. Achieve undertook a study of 10 countries' standards to determine their overall emphases on the expectations they have for all students (grade spans 1-6 and 7-10), as well as emphases on Biology, Chemistry, Physics and Earth/Space courses in upper secondary. The comparison countries were generally those whose students performed well on ...

A common and popular structural alignment method is the DALI, or Distance-matrix ALIGNment method, which breaks the input structures into hexapeptide fragments and calculates a distance matrix by evaluating the contact patterns between successive fragments. Secondary structure features that involve residues that are contiguous in sequence appear on the matrix's main diagonal; other diagonals ...
