Does the space junk orbiting Earth have any effect on the amount of solar energy reaching the surface of our planet, either by absorbing or reflecting it?

Last Word Archive | New Scientist

Space colonization (also called space settlement, or extraterrestrial colonization) is permanent human habitation off the planet Earth.. Many arguments have been made for and against space colonization. The two most common in favor of colonization are survival of human civilization and the biosphere in the event of a planetary-scale disaster (natural or man-made), and the availability of ...

Von Neumann was born Neumann János Lajos to a wealthy, acculturated and non-observant Jewish family (in Hungarian the family name comes first. His given names equate to John Louis in English). Von Neumann was born in Budapest, Kingdom of Hungary, which was then part of the Austro-Hungarian Empire. He was the eldest of three brothers; his two younger siblings were Mihály (English: Michael von ...
