Trudge definition is - to walk or march steadily and usually laboriously. How to use trudge in a sentence.

Trudge | Definition of Trudge by Merriam-Webster

Customize Your Forms. You can personalize all choices by typing in the student's first name and selecting the student's gender. You can also change the font style and letter size or write personalized directions to appear in the final form.

Jackpot! Reinforcement Survey Generator for School and Home

Nanocellulose is often being regarded as the next generation renewable reinforcement for the production of high performance biocomposites. This feature article reviews the various nanocellulose reinforced polymer composites reported in literature and discusses the potential of nanocellulose as reinforcement for the production of renewable high performance polymer nanocomposites.

On the use of nanocellulose as reinforcement in polymer ...

Over the past 20 years, neuroscience research on reward-based learning has converged on a canonical model, under which the neurotransmitter dopamine 'stamps in' associations between situations ...

Prefrontal cortex as a meta-reinforcement learning system ...

Dopamine (DA, a contraction of 3,4-dihydroxyphenethylamine) is an organic chemical of the catecholamine and phenethylamine families. It functions both as a hormone and a neurotransmitter, and plays several important roles in the brain and body. It is an amine synthesized by removing a carboxyl group from a molecule of its precursor chemical L-DOPA, which

is synthesized in the brain and kidneys.

Dopamine - Wikipedia
